Introduction to Law and Social Values  
LGST 1010  
1:45pm-3:15pm (EST)  
3:30 pm-5pm (EST)  
Prof. William S. Laufer  
Department of Legal Studies and Business Ethics  
lauferw@wharton.upenn.edu

**Course Description**
This course is an introduction to law and legal process with a particular focus on criminal law, constitutional law, tort law, and contract law.

**Course Materials**
Cases and materials will be posted on Canvas or distributed in class.

**Course Requirements**
Exams and assignments will require references to and analysis of assigned cases, statutes, and other materials discussed in class. All assigned cases should be briefed in preparation for class. Students will be expected to add value to class discussions by volunteering answers or responding to cold calls. To keep a focus on the class discussion, please turn off all technology including computers and cell phones. This is not easy to do, but the temptation to divert our attention elsewhere is simply too great.

**Examinations**
An in-class essay mid-term examination will be scheduled at the mid-point of the semester, followed by an in-class essay final examination (cumulative) at the University’s prescribed date, time, and location (see Canvas for final examination details, when available).

**Final Exam Make-up Policy**
All requests for make-up exams should be submitted to a teaching assistant through email at least 14 days before the exam date. Students must explain their situation and extraordinary circumstances that would justify the administration of a non-scheduled examination.

**Office Hours**
Please contact the teaching assistants with questions about the class and, in particular, the grading of class assignments. If questions and/or concerns still remain, please contact me via email (lauferw@wharton.upenn.edu) or text/call, Tel: (917) 257-0168.
Grading

Class Participation (10%)
This class is designed to be interactive. You will not only learn about different substantive areas of law but also how to think critically about law. Like a typical law school class, cold calling will be used to promote class discussion. Participation in class discussion will determine this portion of your grade along with performance in the oral arguments.

Early this semester each member of the class will be assigned to a United States Supreme Court case for oral argument. There will be six oral arguments this semester (petitioner and respondent arguments are each thirty minutes long with five students making the argument in each group).

Graded In-Class Group Exercises and Discussion Posts (10%)
During the semester you will be asked to respond to short essay questions in your assigned groups. Each group will work together in breakout sessions to complete the assignment and submit work product by the end of the class session. This portion of the final grade will consist of these assignments, along with weekly discussion posts. These posts should (1) be a maximum of 150 words, (2) be relevant to the discussion thread (if created in response to another comment), and (3) refer to the material covered in the week’s lecture or readings. Deadline: 11:59pm EST Sunday following the Thursday’s class.

Mid-Term Exam (30%) Final Exam (50%)
Both exams will be closed book, closed technology, and closed notes in-class essay exercises.
*Final course grades may be scaled to represent a reasonable curve*
**The instructor reserves the right to hold unannounced class exercises for exam and course grade increases that will not change the calculation of the overall grade curve**

Use of Generative AI
Outside of class, you may use generative AI programs (e.g., tools like ChatGPT) to help generate ideas and brainstorm for discussion posts and other class assignments. However, you should note that the material generated by these programs may be inaccurate, incomplete, or otherwise problematic. Beware that use may also stifle your own independent thinking and creativity. You may not submit any work generated by an AI program as your own. If you include material generated by an AI program, it should be cited like any other reference material (with due consideration for the quality of the reference, which may be poor). Any plagiarism or other form of cheating will be dealt with as a conduct code violation under relevant Penn policies.
**Class Schedule**

**Course Introduction: What role should law play to ensure that justice is done?**

**Corporate Justice** (business ethics and prosecuting corporations for criminal wrongdoing?)

Background Readings:

**Racial Justice** (choosing “unequal justice” or “equal injustice”?)

Background Reading:
